FOOD INDUSTRIES

Established 1928—McGraw-Hill Publishing Company, Inc.

THE NEWS OF • PRODUCTION • ENGINEERING • DISTRIBUTION

Volume 7

January 1935 to December 1935

GENERAL ALPHABETICAL INDEX

January 1-52
February 53-104
March 105-156
April 157-208
May 209-260
June 261-312
July 313-364
August 365-416
September 417-468
October 469-520
November 521-572
December 573-628

A

Accidents and Accident Prevention:

Food plants lag in accident prevention. 530
Reducing truck accidents. Sly, Hamlin, Batt, Krim 507
Residue from spray on fruits and vegetables watched by Food and Drug Administration (N) 46
Accounting—Depreciation takes on a new meaning. John Thies *59
Acid, stock—saves time for the laboratory man. Haldane Gee 68

Advertising:

A & P gets ads free (N) 412
Federal Trade Commission orders two companies to change ads (N) 465
Good name a liability (ed) 54
Ice cream industry emblem *345
Promoting the product *137
Trucks as advertising media *141

Agricultural Adjustment Administration:

AAA mess (ed) 419
Amendment hearings (N) 205
Amendment opposition strong (N)... 255
Amendments pass (N) 463
Amendments passed (N) 411
Amendments (ed) 265
Amendments revamped (N) 358
Amendments would confer great power upon Secretary Wallace (ed) 158
Changes in personnel (ed) 107
Corn-hog control. See Meat Packing.
Five-point plan (N) 101
Meat packers sue AAA (N) 360
Processing tax suits (N) 411
Supreme Court decision on constitutionality expected (N) 625
Taxes wasted, while AAA trifles (N). 366
Those AAA amendments (ed) 316
Air conditioning—Compensated humidity control 40
Humidity controller (e) 458; correction 511
Alcohol—Follies of farm alcohol (ed).. 472
Aluminum used in the food industry. J. R. Akers *587
American Assn. of Cereal Chemists—Denver meeting (N) 359
American Bakers' Assn.—Chicago meeting (N) 567
American Bottlers of Carbonated Beverages—Annual meeting (N) 625
American Chemical Society—New facts on foods (N) 308
American Society of Bakery Engineers—Chicago meeting (N) 204
American Society of Refrigerating Engineers—Beef storage and fruit shipping discussed (N) 46
Associated Grocery Manufacturers of America—Annual meeting (N)..... 624
Association of Operative Millers—St. Louis meeting (N) 361

B

Bacteria:

Acid cure for meat. L. A. Hall 533
Bakery suffers enormous loss of business. L. V. Burton *266
"Buggy" macaroni (ed) 161
Can cream-custard pastries be made safe? Geiger & Gray 534
Detecting filth in butter. W. S. Greene. *441
Katalytic oligodynamics — metallic germicide. Haldane Gee *379
Rope in a food factory (ed) 108
Sugar, irradiated, kills bacteria (N).. 413
Bag closing machine (e) *145
Bag packaging unit 136
Bags—Cocoa shipping in paper bags. B. J. Zenlea *553
Paper *173; correction 306

Bakeries and Baking:

Bake oven fuel expense reduced by vaporizing unit. G. E. Pereira *377
Bakery engineers trade ideas (N).... 204
Batch signal system *39
Biscuit and cracker manufacture mechanized. R. M. Bohn *430
California regulates cream fillings (N) 358
Cream custard pastries safe? Geiger & Gray 534
Doughnut drip rack (e) *197
Flour as viewed by the baker. M. M. Brooke *283
Loop proofer for bread (e) *146
Making cream pastry safe (N)..... 569
Packaged strudel 615
Pastry poisoning. L. V. Burton.... *266
Photocell cuts "cripples" 7 per cent for cracker baker. Cubbison & Fitzgerald *62
Pilot plants bridge the gap between laboratory and plant. Haldane Gee. *227
Baking powder—Vacuum can for baking powder 236

Beer:

Canned beer 390
Canned beer. E. S. Stateler..... *219
Cap-sealed beer can *495
"Closed" brewing in Hoffman Beverage Co. Haldane Gee *332
Cooked beer (ed) 55
"No deposit, no return" beer bottle.. 495
Quality of beer improved by newer methods of hop removal. George Defren *538
Soy bean beer improver *551
"Tru Blu" canned beer 443

Beverages

Carbonated fruit beverage 615
Egg nog in bottles *548
Fermented beverages (ed) 213
Fruit flavors to make beverages.... 338
Fruit-milk problems (ed) 472
Herva matte. Reo Bennett..... *225
Laboratory control improves carbonated beverages. L. P. Geer.... *541
Malt-O-Milk *496
Milk shake 393
New carbonated beverage "Spur".. 498
Orange concentrate 499
Papaya Beverage 83
Supplying pure water for beverage manufacture. E. S. Stateler..... *535

Biscuits and Crackers:

Biscuit and cracker manufacture mechanized. R. M. Bohn *430
Metal wrapped biscuits *548
Photocell cuts—"cripples" 7 per cent for cracker baker. Cubbison & Fitzgerald *62
Spray machine for biscuit (e) *509

Book Reviews:

Aids to the analysis of food and drugs. Moor & Partridge 566
All about coffee. W. H. Ukers 612
Almanac of the canning industry 306
America self-contained. Samuel Crowther 38
American vegetable shortening industry. Weber & Alsberg 306
Annual review of biochemistry, ed. by J. M. Luck 410, 514
Annual survey of American chemistry for 1934, ed. by C. J. West..... 468
Behind the scenes of business. R. A. Foulke 410
Capitalism carries on. W. B. Pitkin.. 306
Cereal laboratory methods 306
Chart of plenty. Harold Loeb..... 202
Chemical engineering catalog—20th century ed. 612
Chemical engineers' handbook. J. H. Perry 38
Chemical formulary, v. 2, by H. Bennett 306
Chemistry and technology of wines and liquors. Herstein & Gregory.. 410
Condensed milk and milk powder. O. F. Hunziker 202
Digest of social security act. Raymond & Kimball 612
Economics of recovery. L. P. Ayres.. 38
Electrokinetic phenomena. H. A. Abramson 355
Exchange futures trading in canned foods 468
Field warehousing 612
Foods and the law. A. P. Blanck.. 468
Food buying today. Alexander Todoroff 38
Food and health. H. C. Sherman.... 38
Food products directory of the Pacific Coast and Rocky Mountain States.. 410
Foundations of nutrition. M. S. Rose 37
Functions of a technical information bureau. Hedges & Homer 612
Fundamentals of dairy science, Dept. of Agriculture 202
Guide to applicants for direct loans.. 612
Hand book of chemistry and physics. 468
Heating and air conditioning. Allen & Walker 468
Henley's twentieth century book of formulas, ed. G. D. Hiscox..... 410
How to package for profit. C. B. Larrabee 202
Ice cream sales index 306
Index to the literature of food investigation 410
Industrial marketing. J. H. Frederick 306
Laboratory examination of wines and other fermented fruit products. W. V. Cruess and others..... 37
Maintaining quality and uniformity of bottled carbonated beverages. Toulouse & Levine 612
Major trends in American economics. L. J. Jensen 410
Metal clearing handbook. R. W. Mitchell 612
Methods of handling customer complaints 306
Monographs on color 514
Motor truck transportation in Michigan. J. S. Worley 514
Nutrition and physical fitness. L. J. Bogert 202
Practical everyday chemistry. H. Bennett 202
Primer of money. Woodward & Rose. 355
Starch and flour quality. C. L. Alsberg 410
Statistical abstract of the U. S..... 202
Structure and composition of foods. Andrew Winton & Kate Winton.. 566
Summary of food laws and regulations. C. L. Hinton 355
Time to live. Gove Hambidge 38
Tinplate and canning in Great Britain 355
Treatise on baking. J. E. Wihlfahrt 202
Truck laws 89
Truck selling. L. J. Sandberg..... 202
Use of sodium sulphite as an addition to alkaline detergents for tinned ware. R. Kerr 566
Vitamins and your health. M. E. Gauger 306
Water pollution research 202
World economic survey 612
World production and prices, 1925-1934 612
Yearbook of agriculture, 1934..... 566

Bottles:

New beer bottle *446
"One-trip" beer bottle 392
Rectangular paper milk bottle *126
Sealcone paper bottles for milk or orange juice *126
Three color milk bottle *183
Well-dressed beer *181
Brake, magnetic disk (e) *352
Brass, bronze and copper used in food processing. C. S. Cole *583

(A) Abstract. (e) Equipment. (ed) Editorial. (F) Forum. (P) Patent. (N) News.

Bread:

Banana bread 236
Body design for bread delivery truck *90
Bread Krums in can *390
Cottonseed meal products and their packaging. C. A. Sears *342
High calcium bread 552
Loop proofer (e) *146
Muffin crisps *341
Price propaganda (N) 625
Prune bread *390
Prune bread with prunes *444
Slicer for bread (e) *342
Stable bran flour. Otto Rahn..... *171
Truck body for bread has interlocking shelves *504

Brewing:

Brewers get advice at convention (N) 568
"Closed" brewing in Hoffman Beverage Co. Haldane Gee *332
Pilot plants bridge gap between laboratory and plant. Haldane Gee. *227
Bronze, brass and copper used in food processing. C. S. Cole *583
Budgeting a plant. W. R. Carlton..... 217
Building construction in food industries uses lead. F. E. Wormser 586
Business has the ball (ed) 314
Business must unite (ed) 3
Business trends.....50, 94, 150, 200, 250, 304, 356, 408, 460, 512, 622

Butter:

Butter vs. butter (N) 368
Cellophaned butter in roll *338
Containers, shipping, storage and pest control for butter and margarine. Harry Stiner 191
Cream used in butter manufacturing to be improved (N) 205
Detecting filth in butter. W. S. Greene. *441
Makers recommend cream grading law (N) 45
Surface and tallowy flavors of butter. F. W. Bouska 381
Survey of sediment tests (N) 515

C

Canadian treaty (N) 626
Canners' Convention—record business at convention (N) 100

Canning and Preserving:

A B C labels liked by A. & P. (N). 307
Baby food in glass 552
Baking powder in vacuum can..... 236
Beer, canned or bottled. E. S. Stateler. *219
Beets, vacuum packed in glass jars. *447
Bread Krums in cans *390
Brewer's pitch and tin cans (ed).. 211
Broccoli in tins 289
Canned dry peas given new standards (N) 205
Cans with appetite appeal *182
Carrots in semi-solid condition 615
Chow mein in No. 10 cans 339
Clams pureed 498
Cold-packing Northwest strawberries. R. T. Shannon *64
"Complete meal" in can 393
Consumers and canners. F. A. Armstrong 163
Crosse & Blackwell, Ltd., uses refractometers and saves 42 hours each week. D. D. McKay *4
Dog food modernized *550
Frog a la Queen 29
Keeping up with the labeling controversy *20
Label fight continues (ed) 56
Labeling device. L. W. Hinkley... *39
Lemon juice in tins 616
McNary-Mapes decision (N) 307
Minestrone in cans 184
National brands take lead. H. Y. Bingham 273
Northwest's grade too good to grade (ed) 213
Oyster soup 340
Oysters canned with informative labels 616
Packs apples in brine 338
Pineapple canning in Puerto Rico. M. E. Highlands *279
Pineapple packing in Puerto Rico. E. R. Jagenburg 386
Plant inspection (ed) 213
Preheating brine water 404
Production per pound of fuel 166
Proposed new standards for canned fruits and vegetables (N) 46
Prune helped by new package which retains new methods of processing. C. B. Pape *79
Quick freezing ties in with canning. L. V. Burton *326
Recipes pasted on top of can 81
Refrigeration will help the danger period between vining and blanching in canning. L. V. Burton *110
Salmon with "satisfaction guaranteed" 389
Season-it-suit soup 184
Self-heated canned food (ed) 264
Self-heating food *444
"Shoe-string" potatoes in tin..... *551
Spaghetti with meat balls canned.... *446
Spinach standards changed (N)..... 205
Striking can labels *549
Tin containers *127
Tuna canning—replacing natural oil to make fine flavored product. J. E. Linde *427
Waterside plants are liable to storms and wreckage. Wainwright Evans. *482
Yams in tin cans 81
Canning Machinery & Supplies Assn.—New equipment to be seen at Canners' exposition *17
Capper, screw (e) *560
Catsup manufacturer uses refractometer profitably. D. D. McKay *4
Ceramic materials in the food industry.. 593

Cereals:

Artillery oats *286
Cooker for cereals (e) *352
Rancidity of lard inhibited by seeds and cereals. Sidney Musher..... 167
Wheat and oat combination—Kinder-Gruel *389
Wheat farina 443
Whole bran in clusters 81

Cheese:

Containers, shipping, storage and pest control for cheese. Harry Stiner.. 191
Iowa blue cheese 340
Natural cheese packaged *498
Quick-freezing can be applied to cheese (N) 47
Roquefort cheese ripened in cave..... *56
Soft natural cheese *337
Swiss cheese bricks wrapped pasteurized Swiss cheese. F. C. Bowman.. *6
Toffel cheese, a Danish type cheese. 184
Wisconsin laws on cheese (ed) 209
Chemists and manufacturing (ed) 211
Chips—Puffles in fruit, vegetable and cheese 616

Chocolate:

Cocoa bean blending the U. S. (ed).. 325
Cocoa bean blends. A. E. Williams. 325
Cocoa shipping in paper bags. B. J. Zenlea *553
Containers, shipping, storage and pest control for chocolate. Harry Stiner. 87
Fudge-pan package *235
"Ten-Stir" chocolate 289
Chow mein, noodles and soy sauce in one package *496
Chow mein in No. 10 cans 339

Cleaning and Sanitation:

Can cream-custard pastries be made safe? Geiger & Gray 534
Ceramic materials in the food industry 593
Cleanliness is economy (ed) 525
"Closed" brewing in Hoffman Beverage Co. Haldane Gee *332
Cold packing Northwest strawberries. R. T. Shannon *64
Detecting filth in butter. W. S. Greene. *441
Foreign matter in ice cream..... 331
Glass pining promotes cleanliness. W. A. Kates 592
Making cream pastry safe (N) 569
Paint as an aid to better products. G. L. Hehl *268
Pineapple canning in Puerto Rico. M. E. Highlands *279
Pipe line contaminations and how to avoid them. Haldane Gee *442
Pure water. F. A. Korff (F) 38
Tested cleansers for dairy plants. Forrest Grayson, pt. 1 *231; pt. 2. *281
Vacuum fumigation controls insects. R. S. McBride *318
Closures *120
Cocktail outfit *29
Coconut—containers, shipping, storage and pest control for coconuts. Harry Stiner 87

Codes:

Administration planning to drop 550 codes (N) 204
Beet sugar manufacturers' code clause on computing prices (ed).. 160
Bottled soft drinks Code Authority approved (N) 154
Brewers' code violator indicted (N) 44
Budgets for codes (N) 102
Canning Code Authority men approved (N) 154
Changes in codes (N) 255
Cheese, package and process, code approved (N) 152
Dried fruit, Pacific Coast, code approved (N) 152
Enforcement of codes (ed) 106
Fishery industry codes approved (N). 204
Malt industry code effective (N).... 101
New code personnel (N) 102
NRA not needed (N) 360
NRA revamps codes (N) 43
P and L statement (ed) 3
Poultry code case (N) 256
Spice grinding Code Authority approved (N) 154

Coffee:

A.C.I. hold convention in Chicago (N) 413
Coffee balls 341
Flake form for coffee *547
Individual bags of coffee shaped like doughnuts for percolators 184
Matching coffee roasting colors with white light. M. E. Bridston *299
Paper bag as coffee container..... *285
Staling of coffee unpreventable. R. O. Bengis 490
Vacuum packing in glass. C. E. Kafka. *448
When standard analysis does not help—analyzing sample of ground coffee. A. B. Kennedy 540
Color, certified, for foods. J. R. Hall.. 545
Coloring tints put up in all-season Easter package 29
Colorings—Containers, shipping, storage and pest control for colorings. Harry Stiner *242

Confectionery:

Alcoholic filled candy a violation (N) 46
Baby marshmallows *289
Brazils and chocolate 236
Chewing gum in racks 149
Containers, shipping, storage and pest control for preserves. Harry Stiner. *242
Curtiss' three new confections..... *495
Dressing a line. M. H. Lowenstein. *216
Foiled box keeps candy *81
Glucose and Loft, Inc. (N) 413
Hard candy in moisture resisting packet. Walter Zwoyer *394
Honey used by candy maker. E. F. Phillips *61
Jelly beans in bird package..... *236
Marshmallows in metal *390
Martha Washington candy and its inventor *212
Prepared mix for fudge *83
Russian mints *613
Construction news.....50, 95, 151, 201, 251, 304, 357, 409, 461, 513, 565
Consumers' Advisory Board — National Emergency Council, consumers' division (ed) 213
Consumers' Research (ed) ....471; (N) 516

Containers:

Bacon packaged in block cartons.... *28
Baking powder can with special top.. *184
Big cheese in tins *183
Butter boxes save cartons *350
Butter carton *614
Cake box opens on side *338
Cake in sewing case *183
Candy box with hinged outer covers.. *181
Cans with appetite appeal..... *182
Carton of Cleveland Beverages..... *181
Cellulose bag for chocolate mints.. *28
Cleaner for containers (e) *456
Coffee in "doughnut" bag 184
Container with one side bare of advertising 81
Cranberry jelly preparation packed with sugar to make the jelly *446
Cup cake mix with cups *446
Cylindrical case with double door for one beer bottle *236
Dairy adopts fiber milk containers.. *192
Gold foil sausage box *29
Jelly beans in bird package *236
Laminated biscuit box *237
Metal bag for marshmallows *390
Metal coffee bags *339
Non-metal shipping containers *176
Non-sifting sugar box *445
Nuts in metal bag *614
Paper bags *173
Paper bottle for milk *28
Paper containers *125, *238
Paper containers for fluid milk *22
Paper ice cream cans 350
Pest control helped by container choice. Harry Stiner.....*31, *87, *138, *190, *242
Plastics for food packaging *178
Problems of re-use containers (ed) 525
Raisin container improved *497
Rice carton that pours *237
Salt family redressed *233
Salt package *183
Self-heating food *444
Show carton for sugar *340
Spice containers with dainty dot design *234
Steel containers *118
Sugar bags with toys printed on back. *451
Tea containers *287
Three-in-one fruit boxes 28
Three-tier cracker bag *499
Tin containers *127
Tomatoes in carton 28
Tube measures paste *496
Upstanding butter containers *340

Control:

Compensated humidity control 40
Matching coffee roasting colors with white light. M. E. Bridston *299
Photocell cuts "cripples" 7 per cent for cracker baker. Cubbison & Fitzgerald *62
Photronic lighting control (e) *301
Temperature control system (e) ...*197
Time cycle control (e) 353
Conveyors—Brake for chute to wrapping department *300
Step-over crossings for conveyors. Billie Burgan *508

(A) Abstract. (e) Equipment. (ed) Editorial. (F) Forum. (P) Patent. (N) News.

Cooking:

Immersion heaters save in deep frying. C. W. Swenson *531
Kettle cooking (ed) 211
Kettle with an agitator (e) *17
Cooler, unit (e) 405
Copper alloys in food manufacture. J. T. Kemp 584
Copper, brass and bronze used in food processing. C. S. Cole *583

Corn:

Corn chips 289
Corn on cob packaged and branded..*287
Corn sugar *615
Toasted corn chips *614

Corrosion:

Aluminum used in the food industry. J. R. Akers *587
Concrete used in food industries. A. J. Boase 589
Copper, brass and bronze used in food processing. C. S. Cole *583
Ferrous alloys for food processing (tables) 601
Iron and steel for food processing.. 576
Metal contamination (ed)..... 54
Metals for food processing (tables).. 600
Nickel and its alloys used in food processing. F. L. LaQue *580
Non-ferrous alloys used in the food industry (table) 600
Paints for the food industry. Victor Buhr 597
Paints for the food industry. R. C. Sheeler *598
Plastic materials used in food processing (table) 610
Plastics used in food processing. J. A. Lee *595
Steel alloys used in food processing. W. M. Mitchell *577
Tin used in food processing. Bruce Gonser *585

Costs:

Determining the costs of distribution by trucks. Fogg, Schumaker, Mulligan, Friend, Brick, Welle, Thies ... 195
Job analysis to determine costs. F. A. Buese 440
Production per pound of fuel 166
Simplified cost system for small fleet owner *296

D

Dairies, Equipment:

American looks at dairy plants in Europe. H. A. Bendixen..... 537
Franklin Lake dairy. J. I. DeKorte..*484
Pipe line contamination and how to avoid them. Haldane Gee.....*422
Tested cleansers for dairy plants. Forrest Grayson....pt. 1 *231; pt. 2 *281

Dairy Products:

Borden's Farm Products abandons company union (ed) 2
Cream denaturant 149
Decomposed cream condemned and destroyed (ed) 472
Federal Trade Commission probe blocked (N) 412
Problems (ed) 55
Relief distribution of dairy products (N) 517
Decorative food—puffles in fruit, vegetable and cheese 616
Dock, unloading *563
Dog food (ed) 105
Dog food modernized *550
Doughnuts, deep-fryed, with immersion heater. C. W. Swenson *531
Dust explosions—Dust disasters. D. J. Price 529
Gaining safety by proper venting (ed) 3

E

Eggs:

Container, shipping, storage and pest control for eggs. Harry Stiner....*191
Egg nog in bottles *548
Egg yolk "makes" mayonnaise. L. B. Kilgore 229
Wrapped eggs better *286
Elevator door holder. N. T. Pef.....*459

Employees:

A. F. of L. and labor problems (ed).. 315
Biscuit workers strike (N) 102
Borden's Farm Products abandons company union (ed) 2
Industrial pension plans. G. C. Parsons 23
Job analysis to determine costs. F. A. Buese 440
Kellogg raises wages (N) 624
Labor versus machinery (ed) 213
Social insurance (ed) 54
Social security law (ed) 418
Spare parts for personnel. A. E. Sinclair *165
Thirty-hour week (ed) 106
Thirty-hour week dangerous (N)..... 257
England—American looks at market milk in England. H. A. Bendixen 438

Equipment:

Aluminum used in the food industry. J. R. Akers *587
Beer quality improved by newer methods of hop removal. George Defren.*538
Concrete used in food industries. A. J. Boase 589
Copper alloys in food manufacture. J. T. Kemp 584
Copper, brass and bronze used in food processing. C. S. Cole *583
Cost of deferred purchases (ed) 56
Glass-lined equipment. P. S. Barnes. *590
Glass piping promotes cleanliness. W. A. Kates 592
Installment plan to buy equipment (ed) 315
Nickel and its alloys used in food processing. F. L. LaQue *580
Paints for the food industry. R. C. Sheeler *598
Plastic materials used in food processing (table) 610
Plastics used in food processing. J. A. Lee *595
Soy sauce modernized by American manufacturers. A. R. Staley *66
Steel alloys used in food processing. W. M. Mitchell *577
Tin used in food processing. Bruce Gonser *585
Vacuum jar capping machine. C. E. Kafka *448
Exposition—Palace of Beverages and Foods at San Diego exposition *316

F

Fan for hardening room *351
Federal Reserve Banks will lend direct to industry. L. V. Burton *493
Federal Trade Commission—Appropriation for investigation (N) 567
Inquiry delay (ed) 522
Investigation held up for lack of funds (N) 515
Feeder, vibrating (e) 511
Fermentation—Cucumber salting. Vahlteich, Haurand & Perry *334
Soy sauce goes American. A. R. Staley *66
Ferrous alloys for food processing (tables) 601
Figs—Packed in metal-foil bags enclosed in cartons 83

Fillers:

Conveyor type filler for semi-solids (ed) *17
Dry filling machine (e) *188
Liquid filler (e) 188
Weigh filler 136
Filling jars with hose 351
Filtering—New method of filtering honey. Lothrop & Paine *18
Fire extinguisher (e) 352

Fish:

Bonneville vs. salmon (ed) 263
Containers, shipping, storage and pest control for fish. Harry Stiner *138
Fishery inspection dropped (N).... 47
Tuna canning—replacing natural oil to make fine flavored product. J. E. Linde *427
Volume of fish landed (ed) 265

Flavoring:

Burnt onion sauce 29
Butter flavors. F. W. Bouska 381
Containers, shipping, storage and pest control for flavorings. Harry Stiner.*242
Maple syrup intensified for flavoring.. 614
Tropical condiment 184
Volatile flavor cooking (N) 369
Flavoring Extract Mfgrs. Assn.—Chicago meeting (N) 360

Flour:

Acceptance of soya flour depends on correct processing. A. A. Horvath. *15
Containers, shipping, storage and pest control for cereals and flour. Harry Stiner *31
Cottonseed flour 615
Cottonseed flour in Nutty Brown Mills products. C. A. Sears *342
Cottonseed noodles *29
Cup cake mix with cups *446
Millers' National Federation to campaign to stimulate flour consumption (ed) 420
Oat flour protects fatty foods from rancidity. Sidney Musher *329
Oat flour to inhibit rancidity 391
Stable bran flour. Otto Rahn *171, correction 315
Vitaminized wheat flour 338
What the baker wants in flour. M. M. Brooke *283
Flourine (ed) 161
Flow meter measures syrup *404
Flowmeter (e) *41

Food:

A.C.S. presents new facts on food (N) 308
Free food—a real competitor (ed)... 419
How they buy food. H. Y. Bingham.. 481
1935 drought situation. E. W. Bennison *214

Food and Drug Administration—Two new divisions (N) 413
Food Industries—Historical summary 44

Fruit Juices:

Apple juice 615
Carbonated fruit beverage 615
Lemon juice in tins 616

Fruits:

Apple flakes *393
Cherry stemmer (e) *17
Cold-packing Northwest strawberries. R. T. Shannon *64
Containers, shipping, storage and pest control for fruits. Harry Stiner.... *31
Dried fruits in visible package.....*236
Pineapple canned in strips 443
Pineapple canning in Puerto Rico. M. E. Highlands *279
Prune helped by new package which retains new method of processing. C. B. Pape *79
Puerto Rico—laboratory of specialty pineapple packing. E. R. Jagenburg 386
Residue from spray on fruits watched by Food and Drug Administration (N) 46
Straight line packing of dried fruit..*543

Fuel:

Cuts fuel costs for process steam.. 249
Production per pound of fuel 166
Vaporizing unit reduces bake oven fuel epense. G. E. Pereira *377

Fumigation:

Ethylene oxide for food fumigation. R. S. McBride *370
HCN gas for fumigating foods. O. T. Lorenz *474
Vacuum fumigation control insect pests.. R. S. McBride *318

G

Gas burner (e) *252
Germany—An American looks at Germany's milk problem. H. A. Bendixen *491

Glass Containers:

Apple butter in jar *392
Baby food in glass 552
Beets, vacuum packed in glass jars..*447
Closures *120
Coffee cap has three functions *498
Coffee—vacuum packing in glass. C. E. Kafka *448
Double-capped containers for dressing.*338
Extract bottle goes arty *82
Glass of grapefruit juice *390
"Gold Label" preserves *548
Knife-opening pickles *551
Lighthouse container for vinegar....*340
Mustard in striking tumbler *552
Mustard packed in shaker *29
Mustard poured like ketchup *393
Pickles in family packages *337
Pickles in re-use container, an ash tray *445
Pop corn in glass *181
Relish and preserves *234
Replacement glasses for nuts and peanut butter *497
Re-use containers and vacuum packing mark trend *115

(A) Abstract. (e) Equipment. (ed) Editorial. (F) Forum. (P) Patent. (N) News.

Salad dressing containers *391
Shaker for olive oil *288
Streamlined pickle jar *447
Table jar for deviled-ham *28
Tapered bottle for sauce *182
Tumblers for spread and salad dressing *549
Vacuum jar for coffee *285
Vacuum glass jar can be opened with match *444
Vanilla container with extra stopper 81
Vapor-vacuum sealed glass tumblers for dressings *341
Vinegar jar shaped like apple.....*614
Vinegar jug like decanter *339
Vinegar and syrup bottles can be used as lamps *235
Wicker wine jug *613
Glass-lined equipment. P. S. Barnes.....*590
Glass piping promotes cleanliness. W. A. Kates 592
Gums—Containers, shipping, storage and pest control for gums. Harry Stiner.*242

H

Heat — Diesel waste-heat utilization at packing plant. E. J. Tangerman..*271
Heaters, immersion, for cooking. C. W. Swenson *531
Homogenizer for laboratory (e) *405

Honey:

Candy maker overcomes difficulties in the use of honey. E. F. Phillips. *61
Comb honey in glass *447
Crystal clear honey in glass container.*615
New method of filtering honey, Lothrop & Paine *18
Hopper linings 149
Hose hanger 563

Labor legislation (ed) 54
Milk fifty hours old cannot be sold in Chicago (N) 154
New food bills enter Congress..... 58
New food law (ed) 3
Patman fight (N) 412
Potato control (ed).....471; (N) 515
United front needed to pass Copeland Food & Drug Bill (ed) 574
Wagner bill (N) 367
Lead. F. E. Wormser 586
Leavens—Containers, shipping, storage and pest control for leavens. Harry Stiner *242
Lecithin, instant 83
Lights, moisture proof 508
Loans from government (N) 569

M

Macaroni—Nutty Brown Mills learns packaging. C. A. Seares *342
Repackaging increases sales 50 per cent. Ernest Conte *500

Maintenance:

Defrosting coils 86
Gage glass. W. L. Scovill *249
Lead used in maintenance work. F. E. Wormser 586
Paint as an aid to better products. G. L. Hehl *268
Pipe umbrellas *86
Preventing hose leakage. S. H. Coleman 299
Surfaces of steel plates roughened for sure footing. H. S. Knowlton 199
Systematic plant maintenance. Victor Buhr *8
Testing gages for low pressures. S. Coleman *148
Tracer prevents pipe freezing *86
Welded work cabinet frame. Al Sutton *508
Malts—Containers, shipping, storage and pest control for malts. Harry Stiner.*242

Management:

Budgeting a plant. W. R. Carlton.... 217
Job analysis to determine costs. F. A. Buese 440
Maybe diesels are your answer. E. J. Tangerman *12
Pilot plants bridge the gap between laboratory and plant. Haldane Gee.*227
Waterside plants are liable to storms and wreckage. Wainwright Evans..*482
Windsor City Dairies keep a maintenance manual for ice cream plant. Victor Buhr *8

Manufacturing:

FRB to loan $200,000,000 (ed) 315
Size of food manufacturing plants (table) 144
Statistics of the food industry 69-76
Margarin—Oat flour protects margarin from rancidity. Sidney Musher...*329

Marketing and Distribution:

An American looks at Germany's milk problem. H. A. Bendixen 491
Budgeting a plant. W. R. Carlton.... 217
Byproduct follies (ed) 160
Call-order system in distribution of ice cream *35
Call vs. peddle system of ice cream delivery. Gustafson, Desmond, Seba, Turnbow, Mather, Koch 36
Federal Surplus Relief foodstuffs moved up to Dec. 31, 1934..... 276
Heckers special four-packages-in-one.*293
How they buy food. H. Y. Bingham. 481
National brands take lead. H. Y. Bingham 273
Overland food shipments *244
Packaging economy. Francis Chilson..*185
Peak-period driver problem. Husson, Lewis, Levin, Read, Peters, Mulligan, Ruppert, Boyer 92
Pretzels sell better with improved quality, packaging and merchandising. L. J. Schumaker..... *26
Prune helped by new package which retains new method of processing. C. B. Pape *79
Puerto Rico—laboratory of specialty pineapple packing. E. R. Jagenburg. 386
Redesigned packages for Larkin Co. increase sales 200 per cent. P. G. Harlow *77
Sales accounting for meat packers. A. Weiss 323
Statistics of the food industry.....69-76
Where relief food goes (table) 434
Who makes wine and why. M. V. Cruess 278

Materials Handling:

Batch liquid handling. F. A. Westbrook *299
Batch signal system *39
Beer quality improved by newer methods of hop removal. George Defren *538
Biscuit and cracker manufacture mechanized. R. M. Bohn *430
Canned beer. E. S. Stateler *219
Ceramic materials in the food industry 593
Concrete used in food industries. A. J. Boase 589
Emptying solid fat drums. R. B. Wolf.*300
Ferrous alloys for food processing (tables) 601
Franklin Lake dairy keeps plants and products up-to-date. J. I. DeKorte.*484
Gang principle in packaging. Francis Chilson *290
Iron and steel for food processing.... 576
Metals for food processing (tables).. 600
Moisture-resisting packet for hard candy. Walter Zwoyer *394
Morrell's Brooklyn branch is built for efficiency. F. K. Lawler, pt. 1 *436; pt. 2 .....*488
Photocell cuts "cripples" 7 per cent for cracker baker. Cubbison & Fitzgerald *62
Power turntables. Francis Chilson.... 249
Rubber products in the food industry. A. E. Juve 594
Sluice system eliminates conveyors. Samuel Henry 459
Straight line packing of dried fruits.*543
Materials of construction—Choosing the right material (ed) 575
Materials of construction number...December
Matte. See Beverages.

Mayonnaise:

Egg yolk "makes" mayonnaise. L. B. Kilgore 229
Labels on back of jars *499
Oat flour protects mayonnaise and salad dressings from rancidity. Sidney Musher *329

Meat Packing:

Acid cure for meat. L. A. Hall.... 533
Assorted cold cuts in one wrapper..*496
Bacon protected by oat flour from rancidity. Sidney Musher *329
Containers, shipping, storage and pest control for meat. Harry Stiner....*138
Diesel waste-heat utilization at packing plant. E. J. Tangerman.....*271
Distress in the packing industry (ed) 159

Proposed new standards for canned fruits and vegetables (N)..... 46
Stapling device, electric *350
Starch—Can be made sterile (ed)..... 421
Statistics for the food industry:
Activity indexes 70
Consumption and production 69
Food production 72
Income of food manufacturers..... 71
Merchandising of foods 74
Population, land and food supply.... 76
Steel alloys used in food processing. W. M. Mitchell *577
Sterilization — Katalytic oligodynamics—metallic germicide. Haldane Gee....*379

Storing:

Cereals, flours and fruits helped in pest control by storage conditions. Harry Stiner *87, *138, *190, *242
Gas storage (ed) 421
Selecting a refrigerating system. L. A. Ramsey.....pt. 1 *478; pt. 2 *526
Wrapping tomatoes. Caruso & Harvey.*375

Sugar:

Antisepsis by irradiated sugar (ed)... 472
Chadbourne plan dropped (N) 464
Container, shipping, storage and pest control for sugars. Harry Stiner.. 87
Irradiated sugar kills bacteria (N)... 413
Powdered brown sugar *445
Quick opening sugar 337
Quotas lowered (N) 101
Sugar beets new seed (N) 154
What the meat packer looks for in sugar. C. R. Moulton *169
Wrapped tablets with tear-open tab.. 29
Switch holds light on for three minutes (ed) 524

Syrups and Molasses:

Coconut syrup *551
Containers, shipping, storage and pest control for syrups. Harry Stiner..*242
Handling batch liquids. F. A. Westbrook *299

T

Table for wrapping brick ice cream. Billie Burgan *149
Tank, milk storage (e) *145
Tank of stainless steel (e) *98

Tariffs:

Belgium food agreement (N)..... 203
Brazilian treaty secures gains for food industries (N) 153
Colombia tariff concessions to U. S. (N) 567
Italy to hold hearing on food treaty (N) 153
Reciprocal tariffs (N) 368
Sweden lowers tariffs (N) 360
Treaty with Canada (N) 626

Taxation:

Depreciation takes on a new meaning. John Thies *59
Effect of an unbalanced budget (ed).. 418
High taexs (ed) 523
Processing tax fight (N) 464
Processing tax heavy on wheat (N).. 517
Processing tax on rye (N) 516
Processing taxes protested (N)..... 307
Processing tax uncertainties (N).... 368
Processing taxes and how they were spent 374
Rice taxes changed (N) 465
Wine taxes in states too high (N).. 45
Thermometer location. N. T. Pef.....*148
Tin production and consumption. H. H. Wanders *384
Tin used in food processing. Bruce Gonser.*585

Tomatoes:

Corn ear worm in tomatoes (ed).... 317
Corn ear worm in tomato products. B. J. Howard *321
Tomato pipe dream (ed) 211
Wrapping tomatoes. Caruso & Harvey.*375
Tractor, gas-driven, industrial (e).....*252
Train—the Food Industries Special..... *3
Tri-State Packers' Assn.—Baltimore meeting (N) 256
Labeling discussed at meeting (N)... 45

Trucks and Trucking:

Air conditioning and refrigeration for trucks 145
Best methods for reducing truck accidents. Lubeley, Debus, Ohm, Schumaker, Turnbow, Clarke 454
Beware restrictions on trucks. C. O. Sherrill *140
Bread body truck has interlocking shelves *504
Bread delivery body design for truck *90
Bureau of Motor Carriers will regulate interstate trucking 556
Call vs. peddle system of ice cream delivery. Gustafson, Desmond, Turnbow, Mather, Koch, Seba 36
Cell filler for electric truck batteries.*194
Cost system for small fleet owner....*296
Delivery costs reduced by fluid milk in paper containers *22
Determining the cost of distribution by trucks. Fogg, Schumaker, Mulligan, Friend, Brick, Welle, Thies.. 195
Diesel trucks in food field *33
Do tire records pay? Morrell, Hansen, Plummer, Thies, Johnson, Brick, Epler, Jones, Robinson *297
Dressing up the truck *618
Dry ice refrigerated body to handle milk in bottles *346
Electric truck costs cut by diesel power generation for storage batteries. Birney Miller *398
Federal truck with panel body *301
Maintaining finish on truck bodies. Johnson, Ferber, Husson, Gemmill, Mulligan, Clark, Kayser, Fritzell.. 145
Methods for reducing truck accidents. Seeker, Ferber 620
Overland food shipments *244
Peak-period driver problem. Husson, Lewis, Levin, Read, Peters, Mulligan, Ruppert, Boyer 92
Pneumatic tired wagons *401
Preventative maintenance in Dugan Bros. shop.....*294
Preventative motor truck maintenance. Greaney, Wennagel 558
Preventative motor truck maintenance. Husson, Sunderman, Monaugh, Cunningham, Faulkner 506
Preventative truck maintenance. Thies, Claxton, Ingram, Koch, Desmond, Kayser. *402
Propane cools body and takes place of gasoline *400
Reclaiming truck engine oil. Husson, Dugan, Hawkins, Cohen, Ferber.. 348
Reducing truck accidents. Friend, Mineur, Till, Smith 558
Reducing truck accidents. Slyh, Hamlin, Batt, Krim 507
Refrigerated truck body for cheese peddler routes *452
Retreading tires. Gray, Miro, Jones.. 349
Retreading truck tires. Boyer, Tod, Peters, Vogt, Schmidt, Wennagel.. 247
Separate salesmen or peddle truck routes. Evans, Credicott, Freeman, Focke, 559; Dersch, Haskins, Fritzel, Meyer, Lawler, Ferguson 620
Silent milk trucks *525
Special truck to carry fiber milk containers *192
To prevent parking. N. T. Pef..... 508
Truck with steel sided body and canopy top to haul ice and dairy products.*246
Trucks as advertising media *141
Tubes, collapsible, used for packaging.... 114

(A) Abstract. (e) Equipment. (ed) Editorial. (F) Forum. (P) Patent. (N) News.

U

Ultra-violet rays—Irradiator for milk (e) *41
Milk irradiator (e) *146
Unemployment — Meat for unemployed frozen (N) *43
U. S. Brewers' Assn.—Los Angeles convention (N) 568

V

Vegetables:

Asparagus—quick freezing, L. V. Burton *326
Canners of vegetables can avoid danger period with refrigeration. L. V. Burton *110
Carrots in semi-solid condition 615
Containers, shipping, storage and pest control for vegetables. Harry Stiner. *138
Corn on cob packaged and branded... *287
Packing and shipping frozen vegetables 552
Residue from spray on vegetables watched by Food and Drug Administration (N) 46
Twenty-minute beans *549
Vinegar—Making vinegar by the Frings process. A. E. Hansen *277

Vitamins:

Concentrates vitamin G (N) 412
To add or not to add (ed) 212
Vitamin C jam 616
Vitamin K (ed) 421

W

Washer, oil in the bottle (ed) 524
Washer, rack (e) *352
Waste disposal—Removal of spent hops with water. E. C. Soares *199
Utility waste basket. N. T. Pat. 300
Water—Cross connections on plant water supply. Korff & Schulze 429
Water, pure, for beverage manufacture. E. S. Stateler *535
"Your water supply will be cut off in 20 minutes" *433
Weather—More drought (ed) 159
Wells—What to know about wells. E. W. Bennison *385

Wheat:

Acreage of wheat increased (N).... 465
Consumption of wheat can be increased (ed) 471
Processing tax heavy (N) 517
Selenium problem 7
Whey, powdered 552

Wine:

California to inspect wine 464
No more birthdays? (ed) 212
Regulations on wine argued (N).... 626
What's wrong with wine (N) 412
Who makes wine, and why. W. V. Cruess 278
Wine or wines (ed) 264

Wrappings:

Adhesives for packaging foods 180
Cushion wrapper *136
Hand wrapping on special table *199
Heat insulation of packages *133
Machine for small outputs (e) *510
Metallized paper *136
Wrapper, bread (e) *97
Wrappings *122

X

X-ray inspection machine (e) *456
